

ANGEL SUNIAGA

Mechanical Engineer | El Tigre, Anzoátegui, Venezuela
angel.suniaga99@gmail.com | +58 412-650-9602 | +58 412-650-9602

PROFESSIONAL PROFILE

Mechanical Engineer with a Master's background in Accounting Sciences and 6 years of theoretical and practical experience in the Oil & Gas industry. Proven ability to design systems and implement effective strategies for technical and administrative conflict resolution. Advanced command of office automation tools (Excel, Power BI) and management indicators (KPIs), delivering cost-effective operational solutions.

PROFESSIONAL EXPERIENCE

OPERADORA INDIOIL, C.A. | *El Tigre, VZLA*

Aug 2025 – Present

Technician 2 (Well Operator)

- Monitor pressures on production lines, diluent lines, and wellheads to ensure operational safety.
- Verify functionality and productivity of rotation heads (Kudu/Weatherford).
- Collect and operational parameters from Variable Frequency Drives (VFD) for well performance analysis.
- Adjust diluent valves and collect laboratory samples to maintain crude oil quality standards.

GP, SERVICIOS INTEGRALES, C.A. | *El Tigre, VZLA*

Apr 2025 – Aug 2025

Warehouseman

- Managed warehouse processes and executed cyclical inventory audits for petroleum materials and components.
- Developed and filled control forms to ensure accurate stock tracking and reduction of material loss.

SERVICIOS INTEGRALES DE OCCIDENTE (SIO) | *El Tigre, VZLA*

Nov 2024 – Mar 2025

Warehouse Supervisor

- Processed purchase orders (POs) based on operational personnel requisitions.
- Managed accounting and inventory data using the "GALAC" system.
- Enforced storage controls compliant with Industrial Hygiene and Safety standards required by the client (CHEVRON).

METALMECÁNICA Y NAVAL, C.A. (CAMIN) | *El Tigre, VZLA*

Nov 2023 – Sep 2024

Warehouse Analyst

- Controlled material reception for the 13.8 Kv electrical distribution system project (Ayacucho Division).
- Developed management indicators to track project progress and justify installed components.
- Designed KPIs for predictive, preventive, and corrective maintenance support (ACC Process).

TECNICA PETROLERA, C.A. (TEPECA)

El Tigre, VZLA

Coiled Tubing Technician

Nov 2022 – Jun 2023

- Performed preventive/corrective maintenance on Coiled Tubing units.
- Designed resource control systems to optimize maintenance scheduling.

Warehouse Operations Supervisor

Nov 2021 – Nov 2022

- Planned annual inventories and controlled stock for well service equipment.

Warehouseman

May 2021 – Nov 2021

- Managed inventory of petroleum components under standard COVENIN storage regulations.

Heavy Mechanic Assistant

Oct 2019 – May 2021

- Maintained Oil Country hydraulic tongs and diesel engines (Series 60, CAT C11, Cummins).

EDUCATION

UPT "José Antonio Anzoátegui" (UNASUR) **2024 - 2025**
Master in Accounting Sciences

UPT "José Antonio Anzoátegui" **2016 - 2022**
Mechanical Engineer (2020 - 2022)
Higher Technician by Mechanics (2016 - 2020)

SKILLS & LANGUAGES

- **Software:** Advanced Excel, Power BI, Power Query, Galac (Accounting System), Office Suite.
- **Technical:** Warehouse Management, KPI Design, Industrial Safety (SHA), Heavy Machinery Maint.
- **Languages:** Spanish (Native), English (Intermediate).
